

TCA CLUB CAR SHIPPING UPDATES

⇒ Information Current as of May 11, 2021 ⇐

Convention and "Member-Exclusive" Cars are custom-built, manufactured based on the orders we receive. We process your payment when we receive your order and combine all received orders in the full order we send to the manufacturer. The production of these cars may involve offshore work and shipping, so timelines can vary widely. We work closely with manufacturers to avoid delays, but members typically receive convention cars in the year after they are ordered. You might expect a car ordered in August 2020 to be delivered in mid-to-late 2021. Again, this varies—note the wide delivery range for our 2019 Convention Cars.

The tables below reflect the shipping estimate (or, if delivered, the approximate date of delivery) for all TCA's recent car offerings. The information is current as of the "Updated" date above. We appreciate your patience!

▶ Manufacturers often take a year or more to deliver Convention cars. Please keep your address updated to ensure your cars ship to the proper place! To update your address, or for more info, call the office at 717-687-8623 or email TCAcars@traincollectors.org ◀
