Introduction

Clem Clement, TCA Honor Roll #64-987, is the namesake of this well-read and well distributed TCA publication. He, and his wife Sandy, continue to add their expertise, wit, and by default his name to this publication. His knowledge and experiences add to the details and to the fun! Just ask him! He loves to ask the "hard" questions, bring up history and mention members by name, and he challenges each of us to increase our love and knowledge of trains and to increase TCA membership. Thanks Clem!

The Mission Statement of Clem's Primer:

Yeah, there is a reason for all this stuff! *Clem's Primer* © started many, many years ago as a composite of the personal experiences and views of Richard "Clem" Clement, TCA Past President, Eastern Division Past President, Past Director on the TCA Board of Directors, Past WB&A Chapter Vice President, Past WB&A Chapter Board Member, but most importantly a TCA member in good standing. Also included are personal experiences, shared information and additions from Carol R. McGinnis, TCA Past President, past WB&A Chapter Board Member, and TCA Heritage Member who authored The Primer through April 2024. Now authored by TCA Eastern Division Member Ryan Newman and through the gathering of additional information from various sources.

The Primer is designed to enrich the **Eastern Division York Week Experience**.

The **Eastern Division, TCA, York Train Show Notice** is their official **bi-annual newsletter**.

The Primer is not sponsored by any organization; business or company, nor does it sell, endorse or promote a particular product.

If you have a question about an activity or event listed herein, please contact the listed sponsor.

This version of the *Primer* negates all previous versions.

This *Primer* highlights the **TCA Eastern Division York Train Show**, the **National Toy Train Museum**, the **National Toy Train Library** and the **National Business Office** activities. It includes member meetings and train group activities; train events; local attractions; restaurants, and tips on navigating the events and the locale. The price of admission to York includes free parking, so this is the best deal for a 3-day train meet in all the land.

Eastern Division President's Message: Bob Buehler

My major goal at the York Train Show is to increase attendance and draw more people into the hobby. With the addition of the PRESHOW and strong attendance in both April and October 2024 we saw a major increase in attendance. Also, several manufacturers and dealers have returned to the York Show helping October 2024 sell out of tables in many of the trading halls. Changes need to continue – the October 2024 Scavenger Hunt in the Orange Hall on Friday & Saturday was a great success. The Youtubers joined us in October 2024 and again we had a large crowd of over 200 folks. Increasing the different model train gauges and adding educational activities during the York Train Show Week is my goal for future York Shows to make it the "Best Train Show" you can attend. See you at April 2025 York!

BOB BUEHLER, Eastern Division President buehlster@aol.com

Comments: **PENNDOT and York County/ York city staffs are continuing to work very hard to repair roads. Give them a brake and drive carefully. (Clem)**

The city of York has various ongoing street repairs that change on a daily or weekly basis. The best source of information is The York Daily Record at www.ydr.com/

Pennsylvania Official Travel Information website is "511PA". Dial "511" or go to www.511PA.com to obtain the travel information. Traffic at the Carlisle Gate of the York Fairgrounds can be horrendous. Please be careful. I recommend Gate 6 on Highlander Ave. - the Northwest end of the fairground opposite from the **Blue Hall** area or from the **Blue Hall** on past the **Orange Hall** to the fence). That gate is always open and you can turn left or right easily. (Clem) **Carol's Note: This interactive map is a great asset to avoid major traffic backups!**

Pittsburgh Independent Hi-Railers' York Week Adventures

Curated by Andy Hummel

I've grouped them into trips and have included some commentary that I think is appropriate. All of these trips took place after morning runs through the Purple Hall Pre-Show and non-TCA shows. I do have to stress that hours of operation should be confirmed through web sites, Google or FaceBook pages (I have included some hours of operation as of this writing) to properly plan before going,.

First up is what we call the "York Week Wednesday Grand Tour." In this trip, we start at White Rose Hobbies, just outside of York. They are set up at York, so they may not have a lot of O gauge in-store, but they do have a lot of hobby supplies and a lot of other items that may be of interest. From there we head to Toy Trains Unlimited in Hanover for their open house (detailed in the non-TCA Train Activities section of Clem's Primer), and from there on to Iron Horse Trains inside the Yesteryear Antique Center. Iron Horse also sets up at York, but they still have a good inventory in their store area, and the antique center itself often has other vendors selling train-related items, books, and toys and other items that can be re-purposed for a layout. Up to this point, the total driving time is around 45 minutes. From the antique center, we then head to Red Lion to attend the Red Lion Train Station Model Railroaders open house (also detailed in the non-TCA Train Activities section of Clem's Primer). Red Lion is about an hour drive from the antique center, so depending on the amount of time spent at the previous stops, there may be some time to kill before the open house starts; fortunately, Red Lion is an interesting town to explore, and there are plenty of places to get dinner or have a few beverages.

Here are the details:

Next up is Strasburg (1 hour from York). We don't think all of these attractions can be done in one trip (we did these over several trips), so planning is essential. Most of these attractions speak for themselves and are clustered together, however I did want to include Barry's Car Barn in Intercourse, PA (15 minutes from Strasburg) as most train people also like classic cars and motorcycles (Barry's collection is incredible), and there are several vintage train sets on display there as well. As a bonus, if going on Wednesday, we make a point of stopping by the Lower Susquehanna Valley Railroad Club's open house on the way back to York (details in the Daily Schedule of Events section of Clem's Primer).

Gettysburg is another destination that is only about an hour from York. There are two train stores there as well as the Lincoln Train Museum (planning is essential here, as the museum has very short hours) for train fans, and the town itself has a lot of nice shops to explore as well as all the historic sites. Regarding the train stores, Tommy Gilbert's does not have a lot of O gauge, but they do have a lot of modelling supplies, books, and other items of interest, and when it comes to Carver's, don't let the look of the building from the front fool you -- it looks small, but this store is packed with all sorts of trains, vintage to modern (mostly O gauge), accessories, toys, and tons of other stuff of interest to train fans.

Another easy drive (about 1.5 hours) from York is to the B&O Railroad Museum in Baltimore. After the museum, a 40 minute drive can take you to the Toy Exchange in Mt. Airy, MD. This shop has some trains, modern and vintage, but is even more famous for their awesome selection of vintage toys (some of which can be repurposed for layouts). In the same plaza, and a couple of storefronts away from the Toy Exchange, is the Twin Arch Tavern which has excellent food and would be a good dinner destination on this trip.

CLEM (and Ryan's) Report: October, 2024

Hello everyone!

This is Ryan your Primer Editor as well as Purple Hall Captain. As of the completion of April 2024 York, Clem and Sandy have decided to take a break from "Yorking". Not to fear though as Clem and Sandy are still around and if you look close Clem can still be found at local train shows as well as he is still very involved with the Toy Train Mailing List as well as Train Displays at, his and Sandy's housing complex! He also continues to add his commentary and wit to my report outs!!!

We started out the week on Sunday 10/13 finishing setting up last minute tables for the Preshow. 170+ tables were sold for the Preshow making this the 3rd preshow and the largest so far! We Newman boys had dinner at the Lyndon Diner that night with our lifelong train compadre Duane who was setting up at the Preshow as well with a contingent from the Carolinas.

Monday, the first day of the Preshow, was great! We had a steady crowd all day and I was able to deaccession some modern pieces from my collection. Saw a good amount of nicer Postwar items for sale including mottled Plasticville Telephone Poles. I guess First Energy could have invested in some of these but chose not to... A decision they may have regretted later in the week. We had Dinner in Abbottstown at Graybill's Route 30 Diner. They have great food at very reasonable prices. I recommend the Meatloaf!

Tuesday 10/15 was day two of the Preshow and again we had a solid group of people moving about all day in the hall. Andy Hummell and some of the other Pittsburgh Independent Hi-railers stopped by and gave me a report on their week so far. They said the Wyndham had a full house inside as well and about 10-20 vendors in the parking lot, but that the wind on Monday may have scared some of the outside folks off. They also reported that the Reliance had its normal number of vendors in the social hall and the Sheraton had a few in one of their meeting rooms.

Tuesday Nights in York in recent years has become the norm for the Eastern Division to have their Welcome Party. It was great to see Dan and Hope Danielson at the door selling extra tickets! EDTCA served ribs and chicken with Mac n cheese, baked beans, salad, and 3 different kinds of cobbler for dessert! EDTCA President Buehler and National President Kevin Quinn presented thanks to the many who helped to make the 2024 National convention a success especially a select group of ladies who took care of registration! Kevin also thanked Zitnik trains for having a "membership drive" and party bringing a group of new members to TCA! **There were well over 200 people in attendance at the Welcome Party!**

Wednesday is the half day of the preshow. This allows the members who setup that do not wish to remain in what will become a dealer hall Thursday, Friday, and Saturday to move out and move into their other halls Thursday Morning. We had 8 vendors remain in the Purple Hall from the Preshow. This is a great increase from April! As a Standard Gauge wannabe I purchased a 440 Signal, it will go well with the 440 controller I received from a couple of York Retirees in April... Thanks Clem and Sandy!

Marty V and his son stopped by after they left the Wyndham and said that there were no \$50 Blue Comets.

Thursday First Day of the EDTCA Meet. We had another great flow of people through the Hall from 12:00 noon until about 5:00pm then it dropped off. This was my second-best sales day of the week. SGMA had their layout up and running by the 12:00 noon start. When I dropped by Ed was double heading some 400E's with about 25 freight cars. I'm sure it would have been nothing for the Illustrious STOMPER! (Thanks Clem for reminding me STOMPER is all caps!) Also, the Kids Korner was open and busy all day as Robert reported.

Friday!!! A day that will live in Infamy of days at York. SGMA had their Friday morning get together with Coffee and Donuts. It seemed well attended and there were lots of interesting trains to look at.

Where were you when the lights went out at York?

Clem Clement dealt with a lot during his time as EDTCA President, but I don't believe he dealt with a power outage! About 6,000 residents of West York as well as the attendees of the show lost power for 2 and a half hours. I did not make it over to the Orange Hall to see how they faired with their lack of heat and air conditioning and backup lighting, but we pressed on Yorking in the Purple Hall with the natural lighting and if that wasn't good enough, we continued like our forefathers in the BillyBudd and Holidome parking lots with flashlights in hand! Rupert Campbell did assist in the way of having some battery-operated Christmas lights! I say a bad day at York is better than a good day at work!

Saturday 10/19 From Kate Smith all the way to Happy Trails it was a fun day again at York. Coffee and Donuts were served in the Orange Hall Promenade by the EDTCA. We opened at 9:00am with a massive line at registration. It was so big we didn't think Bob was going to be able to make it to the registration desk to announce the opening before 9:00am. I had quite a few sales to folks wearing wristbands today. An interesting person was introduced to me by the one and only Frank Patti. He bequeathed to me a Black and White poster of Buffalo New York notable Spoonley the Trainman. It was a Great York show, and I look forward to doing it again in the Spring. I hope everyone else enjoyed their time.

MARX SHOW & TELL

We will have the Marx Show and Tell in the Verandah Room as usual Thursday evening April 24th. Doors open at 6:30 PM for setup, and the program starts at 7:00. The flyer information is above.

This is the 75th Consecutive Marx Show and Tell!!!
Instead of going around the tables talking about what people have brought, we have a special guest.

Jay Horowitz is the current owner of Marx tooling and intellectual property. We are having an "Evening with Jay Horowitz", who will speak about his career in the toy manufacturing industry. I had the opportunity to attend Jay's talk at the Marx Convention last June. Jay is an outstanding speaker, and held the audience spellbound. Given this special venue, there may be others not necessarily focused on Marx who may wish to attend.
